*What do I ask a client with a history of...*

## **Angina**

Angina is chest pain due to an inadequate supply of oxygen to the heart muscle.

### Questions:

- How old is the client and when was he/she diagnosed with angina?
- Does the client have a history of smoking, high blood pressure, elevated cholesterol, obesity or diabetes?
- When was the last angina episode and how frequently do the episodes occur?
- What was the treatment, when was it done, and was it successful?
- Have all the follow-up tests and visits been normal?
- Has the client restricted any behaviors that bring on the attacks?
- What medications is the client currently taking?
- Does the client have any other medical concerns?

**Once these questions are answered, please send an email or fax to me.  
I will respond within 24 hours.**
