*What do I ask a client with a history of...*

## **Stroke (Cerebral Vascular Accident)**

A stroke is a sudden death of brain cells due to a problem with the blood supply.

### Questions:

- How old is the client and when did he/she have the last stroke?
- How many strokes has the client had?
- Does the client smoke, have a history of diabetes, high blood pressure, or high cholesterol?
- Does the client have a history of coronary artery or peripheral vascular disease?
- What was the physical result of the stroke on the client?
- Does the client have a history of cardiac arrhythmia's or heart valve disease?
- What medications is the client currently taking?
- Does the client have any other medical concerns?

**Once these questions are answered, please send an email or fax to me.  
I will respond within 24 hours.**
